Date:	Date:

The Fluenz nasal spray is a **live vaccine** and sometimes it is necessary for young children receiving this treatment **not** to have contact with family members immediately following vaccination. Please contact the **Immunisation Team** if you require further information.

NB. The nasal flu vaccine contains porcine gelatine (derived from pigs). Nasal Flu remains the most effective vaccine for this age group, however an alternative is available: Please contact The Immunisation Team on 01743 730028.

Please do not complete this form for the alternative vaccine.

If anyone within your household is currently having treatment that severely affects their immune system (For example; they need to be kept in isolation or are receiving chemotherapy) please answer the following questions. There is a theoretical potential for transmission of live attenuated influenza virus to immunocompromised contacts for one to two weeks following vaccination.

Please state which household member is immunocompromised: _____

Has the immunocompromised person received the Inactivated Influenza vaccination? Yes No

If yes please state the date they received their Inactivated Flu vaccination: _____

Please confirm you understand the above information Yes No

If your child has an on-going medical condition not already mentioned or communication difficulties that you would like to tell us about to assist the immunising nurses, please contact the team.

GDPR For parents: This information will be shared by your child's Immunisation team for the following reasons:

1. Public Health England (PHE) to provide data to Commissioners for the immunisation service.
2. SSHIS: Staffordshire County Council's ICT department and Shropshire Health Informatics Service (SSHIS) work together to record and report data to GP's.

If you would like (further) details about the way we handle your child's information please ask for a copy of our Privacy Notice or access the Privacy Notice by going to <https://www.shropscommunityhealth.nhs.uk/content/doclib/10648.pdf>

- For Office Use Only: School Aged Immunisation Service.

<p>Registered Nurse Assessment:</p> <p>Child suitable for immunisation: <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>Signature: _____</p> <p>Print Name: _____</p> <p>Date: _____</p>	<p>Child not immunised today because:</p> <p>Not well enough today: _____</p> <p>Refused (not given) _____</p>
